

Field Measurement & Testing Services

FIELD MEASUREMENT

- Strain
 - Strain gauges
 - Fiber optics
 - Wireless capable
 - Expandable strain measurement and data acquisition channels
- Pressure
- Temperature
- Displacement
- Short/Long term monitoring
- Remote locations
- Up to 20 kHz data sampling rate

FIELD TESTING

- Hydrostatic pressure up to 30,000 psi
- Temperature up to 1200°F
- Static
- Dynamic cycling
